Men's U19 World Floorball
Championships 2027
EUR1 Qualification
1st - 5th Sep | Guadarrama - Spain

INTERNATIONAL FLOORBALL FEDERATION

"After 40 years of advancing floorball worldwide, this EUR1 U19 in Guadarrama marks a new chapter: here, national teams continue shaping the road to Riga 2027 and the future of the sport."

Since its foundation forty years ago, the International Floorball Federation has worked to develop and promote floorball worldwide, fostering participation, education, and competitive pathways at all levels. The EUR1 Qualification Tournament for the Men's U19 World Floorball Championships 2027 in Guadarrama represents a key milestone in that long-term effort: a regional stage where emerging national teams can secure one of the remaining places at the U19 World Championships in Riga.

The IFF assigned organisation of this qualification to the Spanish Floorball Association, which will oversee the local delivery of the tournament in partnership with municipal and regional stakeholders. EUR1 is conceived as both a competitive selection process and a development platform: it offers young players, coaches and match officials the chance to gain international experience, to test sporting standards, and to contribute to the continued growth of the game.

As the 16 places for the U19 World Championships in Riga are progressively defined, the winner of EUR1 will join the field in Latvia and take part in a championship that is being prepared to showcase high-level competition, cultural exchange, and the next generation of floorball talent. The event in Guadarrama therefore carries significance beyond qualification: it is an opportunity to demonstrate sporting excellence, fair play, and the values that underpin the sport's global development.

Best wishes to all participating teams, officials and supporters for a tournament marked by competitive spirit, respect, and memorable sporting moments.

Where talent, ambition, and the future of floorball converge on the road to achievement

"This tournament marks a key moment to inspire growth and advance the next generation of floorball."

Dear authorities, federation representatives, referees, coaches, volunteers, fans, and especially the players representing the Netherlands, Poland, Belgium, Italy, France, and Spain:

Welcome to Guadarrama and welcome to the EUR1 Qualification Tournament for the Men's U19 World Floorball Championships 2027.

It is a great honor for the Spanish Floorball Association to host this event, together with the International Floorball Federation, in a place that reflects effort, ambition, and the spirit of our sport.

On behalf of the AEUF, we sincerely thank the International Floorball Federation for its trust and for granting Spain the opportunity to organize this important step on the road to the World Championships.

We also extend our gratitude to the Town Council of Guadarrama for its support and hospitality, and to all volunteers and partner organizations whose dedication has made this tournament possible.

A special thank you goes to all Spanish clubs and to the entire national floorball community (players, coaches, families, and supporters) whose daily commitment continues to strengthen our sport.

In the coming days, we will enjoy not only high-level competition, but also camaraderie, respect, and the shared passion that unites the international floorball community. The U19 category represents the future: talent, energy, and the desire to grow. We are convinced that this tournament will be an unforgettable experience for everyone involved.

To all teams: thank you for being here, for representing your countries with pride, and for contributing to the development of floorball across Europe and beyond.

With great excitement, we officially declare the EUR1 Qualification Tournament for the Men's U19 World Floorball Championships 2027 open.

Good luck to all teams... and let the competition begin.

Miguel Prieto

President, Spanish Unihockey Floorball Association

Asociación Española de
Unihockey - Floorball
AEUF
Member of IFF

Welcome to Guadarrama (Madrid)

The EUR1 Qualification Tournament for the Men's U19 World Floorball Championships 2027 has been awarded to Spain by the IFF Central Board and will take place from September 1st to 5th in the municipality of Guadarrama, Madrid.

Situated in the Sierra de Guadarrama and just over 50 kilometres from the city of Madrid, Guadarrama is distinguished by its mountain landscapes, extensive network of trails, long tradition of outdoor sports, and a rich regional heritage full of history.

Its commitment to sustainable tourism, the protection of its natural environment, modern facilities, and a welcoming community make Guadarrama an exemplary host for this international qualification tournament.

Welcome to Guadarrama!

Championships 2027
EUR1 Qualification
1st - 5th Sep | Guadarrama - Spain

*There comes a moment when sport transcends competition, when it becomes a movement. A movement that awakens bodies, connects hearts, and inspires minds. **That moment is now.***

Floorball is more than sticks and goals.** It's a pulse of energy that runs through every young athlete who picks up a ball for the first time, every coach who believes in fair play, and every fan **who cheers not just for victory, but for effort, teamwork, and respect.

In a world that often sits still, floorball invites movement. To activate. To grow. It teaches players to play with purpose, to compete with integrity, and to celebrate every step forward: on and off the court.

*This qualification tournament is not just about places at the World Championships. It's about inclusion, passion, and the joy of discovering what can be achieved when nations come together. **Whether you are a player, a coach, a volunteer, a parent, or a supporter: there is a place for you here.***

So let's light up the courts in Guadarrama. Let's raise our voices, lift our spirits, and show the world what floorball can do. Welcome to the EUR1 Qualification Tournament for the Men's U19 World Floorball Championships 2027 in Guadarrama, Spain.

#PlayFloorball

Move The Future

Interview with Jorge Rodríguez, Captain of Spain U19 Men's National Team: "We may be young, but we're ready to give 100% in every game"

Jorge Rodríguez Barbadillo, captain of the Spanish U19 Men's National Team, approaches the EUR1 Qualification Tournament with a clear mission: to show the team's true level and earn a place at the World Championships. After weeks of motivated and consistent preparation, he highlights how the group has grown through multiple training camps, shaping a style of play capable of competing internationally despite their youth.

He emphasizes the team's identity: a squad that never gives up, always gives its maximum, and stays united in every moment. Facing strong opponents such as Poland and the Netherlands will be demanding, but Jorge is confident that Spain has both the ambition and the quality to compete. He also stresses the importance of maintaining full focus against Italy, France, and Belgium.

Playing at home in Guadarrama is, for him, a powerful advantage. The support of the fans will push the team to perform at their best, making any victory even more meaningful. Representing Spain as captain is a personal honor, one that motivates him to improve and help his teammates grow.

Jorge closes with gratitude to the supporters and young players who follow the team. Their encouragement, he says, gives the squad extra energy. He invites everyone to come and cheer for Spain, promising that the team will give everything to achieve their goals.

**Jorge is player and captain of Spanish U19 Men's National Team
and from the Club Floorball Escorial**
